Dear shareholders,

The year 2024 marked another significant milestone in the journey of Amakin, as the Group achieved remarkable progress that reflects its ability to adapt to continuous transformations and face challenges with confidence and efficiency. At the start of the financial year, we embarked on our journey with great enthusiasm and hope, guided by a clear vision and boundless ambition to build upon our successes and enhance our trajectory towards achieving our strategic goals. We focused our efforts on improving customer experience and ensuring the delivery of our distinguished services in the best possible manner, contributing to notable growth and the expansion of our operational portfolio.

In 2024, the Group successfully translated its strategic vision, launched in 2021, into tangible achievements that demonstrate its ability to achieve sustainable growth and advancement. This strategy was built on fundamental pillars aimed at supporting the resilience of the Group's operations, ensuring its effective response to ongoing market changes, and elevating its services through digital transformation, which enhances operational efficiency and provides exceptional customer experience.

As part of this strategy, the Group accomplished a series of achievements that reflect its commitment to development and expansion. It launched the "Amakin - Pearls" project, which represents a qualitative addition to the second phase of the "Sa'ada" project. This development features a multi-story building with more than 400 parking spaces, alongside a selection of restaurants, retail outlets, and entertainment options designed according to the highest modern standards. Additionally, the Group completed the development of parking facilities at the Salmaniya Medical Complex, enhancing the efficiency of public facility usage and providing a more comfortable experience for users.

In line with its expansion plans, the Group obtained the necessary licenses to establish "Amakin Saudi Limited LLC," a strategic step to strengthen its regional presence and develop its business in Gulf markets. Moreover, the Group enhanced its digital transformation by launching an online portal for subscriptions and monthly membership fee payments, along with developing multiple digital payment mechanisms to ensure a smoother and more seamless customer experience. Furthermore, the Group introduced a digital valet parking service through the "Amakin Mobility" app, enabling customers to request the service easily, retrieve their vehicles, and make payments via the application.

Throughout the year, the Group demonstrated its ability to adapt to challenges, leveraging its robust infrastructure, operational efficiency, and an exceptional team dedicated to delivering outstanding performance in support of its vision. This commitment and innovation made 2024 a pivotal year in the Group's journey towards achieving its long-term strategic objectives.

Thanks to these efforts, the Group achieved a net profit of 1,136,331 Bahraini Dinars for the year ended December 31, 2024, compared to the net profit for the year ended December 31, 2023, which amounted to 1,091,835 Bahraini Dinars, representing an increase in net profit of 44,496 Bahraini Dinars. Considering the achieved results and retained earnings from previous years, the total amount available for allocation for the year ended December 31, 2024, stands at 4,880,996 Bahraini Dinars. From this amount, the Board of Directors proposes the following distributions:

1. Transfer of 113,633 Bahraini Dinars to the legal reserve, representing 10% of the net profit for the year.
2. Cash dividend distribution of 983,724 Bahraini Dinars, representing 9% of the share capital at a rate of 9 fils per share.
3. Board of Directors' remuneration of 63,000 Bahraini Dinars.
4. Transfer of 40,000 Bahraini Dinars to the charitable reserve.
5. Retention of the remaining balance of 3,680,639 Bahraini Dinars as retained earnings.

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Directors' report for the year ended 31 December 2024 (continued)**

The remuneration for the Board of Directors for the year 2024, amounting to 63,000 Bahraini Dinars, will be paid to the Board during 2025 following the approval of the Ministry of Industry and Commerce and the shareholders' approval at the Annual General Meeting.

Finally, on behalf of the Board of Directors, we extend our deepest gratitude to His Majesty King Hamad bin Isa Al Khalifa, the esteemed King of the country, and to his wise government, led by His Royal Highness Prince Salman bin Hamad Al Khalifa, the Crown Prince and Prime Minister, for their continuous support. We also sincerely thank our valued shareholders for their renewed trust in Amakin.

Lastly, we take great pride in and appreciation for our team, who represent the beating heart of our Group, reaffirming our shared commitment to our vision of achieving sustainable mobility in the Kingdom. As we look forward to 2025, we promise further collaboration and innovation to achieve the future we aspire to.

Amin Ahmed Alarrayed  
Chairman

Adnan Habib Hashim  
Chairman of Audit and Risk Committee

## Independent auditor's report to the shareholders of Bahrain Car Parks Company (Amakin) B.S.C.

### Report on the audit of the consolidated financial statements

#### Opinion

We have audited the consolidated financial statements of Bahrain Car Parks Company (Amakin) B.S.C. ("the Company") and its subsidiary (collectively referred to as "the Group"), which comprise the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in shareholders' equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information. In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2024, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB).

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), as applicable to audits of consolidated financial statements of public interest entities. We have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended 31 December 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters include:

#### *Revenue recognition*

The operating income as reported in Note 20 of the consolidated financial statements include rental income, and service charges in respect of investment properties, sales of car parks equipment and services, car park and other related income. The Group focuses on revenue as a key performance measure and by default, this area has a fraud risk element and is therefore always considered as a significant risk.

Our audit procedures included, considering the appropriateness of the Group's revenue recognition policies and assessing compliance with the policies in light of the applicable accounting standards. We have tested the effectiveness of internal controls implemented by the Group over the revenue cycle. We also tested the relevant supporting documents on a sample basis to confirm their reasonableness and accuracy.

#### *Right-of-use of assets and lease liabilities*

As described in Note 8 and 17 to the consolidated financial statements, the carrying values of right-of-use of assets and lease liabilities as at 31 December 2024 amounted to BD6,340,515 and BD1,174,755 respectively. The useful life of the right-of-use of assets are based on management's estimate of the period that the asset would generate revenue. Similarly, carrying value of lease liabilities are determined on a number of factors including management certainty to exercise the lease options to extend/terminate the lease, variable elements such as future lease payments and incremental borrowing rates. Changes to these assumptions could have a significant impact on either the carrying values or the amount charged to consolidated statement of profit or loss or both.

## **Independent auditor's report to the shareholders of Bahrain Car Parks Company (Amakin) B.S.C. (continued)**

### **Report on the audit of the consolidated financial statements (continued)**

#### **Key audit matters (continued)**

##### *Right-of-use of assets and lease liabilities (continued)*

Our audit procedures included, review of reasonableness and consistency of the assumptions used by the management as well as the management process for determining the carrying values. We have further verified the relevant supporting documents on a sample basis to confirm the accuracy of management calculations.

#### **Other information**

Management is responsible for the other information. The other information comprises the information included in the Directors' report but does not include the consolidated financial statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of management and Those Charged With Governance (TCWG) for the consolidated financial statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS Accounting Standards as issued by the IASB, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those Charged With Governance are responsible for overseeing the Group's financial reporting process.

#### **Auditor's responsibilities for the audit of the consolidated financial statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

## **Independent auditor's report to the shareholders of Bahrain Car Parks Company (Amakin) B.S.C. (continued)**

### **Report on the audit of the consolidated financial statements (continued)**

#### **Auditor's responsibilities for the audit of the consolidated financial statements (continued)**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

## Independent auditor's report to the shareholders of Bahrain Car Parks Company (Amakin) B.S.C. (continued)

### Report on the audit of the consolidated financial statements (continued)

#### Auditor's responsibilities for the audit of the consolidated financial statements (continued)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other legal and regulatory requirements

(A) As required by the Bahrain Commercial Companies Law, in case of the Company, we report that:

- (1) we have obtained all the information we considered necessary for the purpose of our audit;
- (2) the Company has carried out stock taking in accordance with the recognised procedures, has maintained proper books of account and the financial statements are in agreement therewith; and
- (3) the financial information included in the Directors' report is consistent with the books of account of the Company.

(B) As required by the Ministry of Industry and Commerce in its letter dated 30 January 2020 in respect of the requirements of Article 8 of Section 2 of Chapter 1 of the Corporate Governance Code, we report that:

- (1) the Company has appointed a corporate governance officer; and
- (2) the Company has a Board approved written guidance and procedures for corporate governance.

In addition, we report that, nothing has come to our attention which causes us to believe that the Company has breached any of the applicable provisions of the Bahrain Commercial Companies Law, the Central Bank of Bahrain (CBB) Rule Book (applicable provisions of Volume 6) and CBB directives, regulations and associated resolutions, rules and procedures of the Bahrain Bourse, or of its Memorandum and Articles of Association, which would materially affect its activities, or its financial position as at 31 December 2024.

Dividend paid during the year	25	<u>(874,421)</u>	<u>(655,816)</u>
Net cash used in financing activities		<u>(903,087)</u>	<u>(757,995)</u>
Net increase/(decrease) in cash and cash equivalents		1,828,050	(1,243,416)
Cash and cash equivalents, beginning of the year		<u>3,839,658</u>	<u>5,083,074</u>
Cash and cash equivalents, end of the year	14	<u>5,667,708</u>	<u>3,839,658</u>

**Non-cash transactions:**

During the year ended 31 December 2024, the transactions towards additions to right-of use assets amounting to BD363,192 (Note 8) and lease liabilities amounting to BD363,192 (Note 17) have been excluded from the consolidated statement of cash flows, being non-cash transactions.

## 1 Organisation and activities

Bahrain Car Parks Company (Amakin) B.S.C. (“the Company”) and its subsidiary (collectively referred to as “the Group”), is a public Bahraini shareholding company registered with the Ministry of Industry and Commerce in the Kingdom of Bahrain and operates under commercial registration number 11455 obtained on 31 October 1981.

The Group is principally engaged in the following activities:

- sale/trade in other machinery and equipment and parts;
- other marketing/promotion activities;
- operating of car parks;
- electrical installation;
- real estate activities with own or leased property;
- publicity and advertising;
- general trade; and
- valet parking services.

The registered office of the Company is in the Kingdom of Bahrain.

The Company owns 100% ownership interest in Amakin Saudi Limited LLC, KSA (“the Subsidiary”).

These consolidated financial statements, set out on pages 10 to 51, were approved, authorised for issue and signed by the Board of Directors on 24 February 2025.

## 2 Structure of the Group

The structure of the Group is as follows:

### *Subsidiary:*

<u>Name of the subsidiary</u>	<u>Country of incorporation</u>	<u>Commercial registration number and date of registration</u>	<u>Proportion of ownership interest 31 December 2024</u>
Amakin Saudi Limited LLC	Kingdom of Saudi Arabia	1009164638 29 December 2024	100%

On 29 December 2024, the Company incorporated Amakin Saudi Limited LLC (“the Subsidiary”), a new wholly-owned subsidiary which is registered in the Kingdom of Saudi Arabia.

As at 31 December 2024, the commercial registration has been obtained. The Subsidiary has not commenced its operations and has not carried out any business activities. Further, the Subsidiary has no assets, liabilities, or equity, income nor expenses as at 31 December 2024. Accordingly, there were no financial impacts resulted from consolidating the Subsidiary in the consolidated financial statements of the Group for the year ended 31 December 2024.

### 3 Basis of preparation

#### *Statement of compliance*

The consolidated financial statements have been prepared in accordance with the IFRS Accounting Standards as issued by the International Accounting Standards Board (“IASB”), interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”), the Central Bank of Bahrain (CBB) Rule Book (applicable provisions of Volume 6), the requirements of the Bahrain Commercial Companies Law, and associated resolutions, rules and procedures of the Bahrain Bourse.

#### *Basis of presentation and functional currency*

The consolidated financial statements have been prepared using the going concern assumption under the historical cost convention as modified by the fair valuation of investment properties and financial assets through other comprehensive income (OCI). The consolidated financial statements have been presented in Bahrain Dinars which is the functional currency of the Group.

The preparation of consolidated financial statements in conformity with IFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise judgment in the process of applying the Group’s accounting policies. The areas requiring exercise of judgment in applying Group’s accounting policies are disclosed in Note 5 to the consolidated financial statements.

#### *Improvements/amendments to IFRS Accounting Standards*

Improvements/amendments to IFRS Accounting standards contained numerous amendments to IFRS Accounting standards that the IASB considers non-urgent but necessary. ‘Improvements to IFRS Accounting standards’ comprise amendments that result in accounting changes to presentation, recognition or measurement purposes, as well as terminology or editorial amendments related to a variety of individual IFRS Accounting standards. The amendments are effective for the Group’s future accounting periods with earlier adoption.

#### *Standards, amendments and interpretations issued and effective in 2024 but not relevant*

The following new amendments to existing standards and interpretations to published standards are mandatory for accounting period beginning on or after 1 January 2024 or subsequent periods, but are not relevant to the Group’s operations:

<u>Standard or interpretation</u>	<u>Title</u>	<u>Effective for annual periods beginning on or after</u>
IAS 1	Presentation of financial statements	1 January 2024
IAS 7	Statement of Cash Flows	1 January 2024
IFRS 7	Financial Instruments: Disclosures	1 January 2024
IFRS 16	Leases	1 January 2024

**3 Basis of preparation (continued)**

***Standards, amendments and interpretations issued but not yet effective in 2024***

The following new/amended accounting standards and interpretations have been issued, but are not mandatory for financial year ended 31 December 2024. They have not been adopted in preparing these consolidated financial statements for the year ended 31 December 2024 and will or may have an effect on the Group's future consolidated financial statements. In all cases, the Group intends to apply these standards from application date as indicated in the table below:

<u>Standard or interpretation</u>	<u>Title</u>	<u>Effective for annual periods beginning on or after</u>
IAS 21	The Effects of Changes in Foreign Exchange Rates	1 January 2025
IFRS 9	Financial Instruments	1 January 2026
IFRS 7	Financial Instruments: Disclosures	1 January 2026
IAS 18	Presentation and Disclosure in Financial Statements	1 January 2027
IFRS 19	Subsidiaries without Public Accountability: Disclosures	1 January 2027

***Early adoption of amendments or standards in 2024***

The Group did not early-adopt any new or amended standards in 2024. There would have been no change in the consolidated operational results of the Group for the year ended 31 December 2024 had the Group early adopted any of the above standards applicable to the Group.

**4 Material accounting policy information**

A summary of the material accounting policy information adopted in the preparation of these consolidated financial statements is set out below. These policies have been consistently applied to all the years presented, unless stated otherwise.

***Basis of consolidation***

***Subsidiary***

Where the Company has control over an investee, it is classified as a subsidiary. The Company controls an investee if all three of the following elements are present: power over the investee, exposure to variable returns from the investee, and the ability of the investor to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be changes in any of these elements of control.

De-facto control exists in situations where the Company has the practical ability to direct the relevant activities of the investee without holding the majority of the voting rights. In determining whether de-facto control exists the Company considers all relevant facts and circumstances, including:

- The size of the Company's voting rights relative to both the size and dispersion of other parties who hold voting rights;
- Substantive potential voting rights held by the Company and by other parties; and
- Other contractual arrangements.

4 **Material accounting policy information (continued)**

***Basis of consolidation (continued)***

***Subsidiary (continued)***

The consolidated financial statements present the results of the Company and its subsidiary ("the Group") as if they formed a single entity. Intergroup transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the acquisition method. In the consolidated statement of financial position, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the consolidated statement of profit or loss and the consolidated statement of other comprehensive income from the date on which control is obtained. They are deconsolidated from the date on which control ceases.

***Intangible asset***

Intangible assets consist of software. The intangible assets are capitalised and amortised using the straight-line method over the term of 5 years. The carrying amounts of the intangible assets are reviewed annually and written-down to their recoverable amounts, when it is considered that there is impairment.

***Inventories***

Inventories are stated at the lower of cost and net realisable value. Cost, which is determined on the weighted average basis, comprises expenditure incurred in the normal course of business in bringing inventories to their present location and condition. Net realisable value is the estimate of the selling price in the ordinary course of business, less selling expenses. Where necessary, an allowance is made for obsolete and slow-moving inventories.

***Property, plant and equipment***

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses. Cost includes all costs directly attributable to bringing the asset to working condition for its intended use.

Depreciation is calculated so as to write-off the cost of property, plant and equipment less their estimated residual values on a straight-line basis over their expected useful lives. Freehold land is not depreciated as it is deemed to have an infinite useful life. The major classes of depreciable assets with their estimated useful lives are as follows:

Building on leasehold land	30 years or the lease period, whichever is lower
Car park and other equipment	5 - 10 years
Office furniture and equipment	3 - 4 years

Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying amount and are taken into account in determining net profit.

Repairs and renewals are charged to the consolidated statement of profit or loss when they are incurred.

#### 4 Material accounting policy information (continued)

##### *Property, plant and equipment (continued)*

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying values may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, the carrying amounts are written-down to their recoverable amounts.

##### *Investment properties*

Investment properties representing lands that are held to earn long-term rental yields and for capital appreciation. Investment properties are treated as long-term investments and are initially recorded at cost, including all transaction costs. Subsequent expenditure relating to an investment property is added to the carrying value when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Group. All other subsequent expenditure is recognised as an expense in the period in which it is incurred.

Subsequent to initial recognition, investment properties are re-measured at fair values, representing open market values determined annually by external property valuers, or by taking into consideration other factors and sources of information such as assumptions about future demand, anticipated market recovery and the appropriate discount rate, and any unrealised fair value gains or losses arising are included in the consolidated statement of profit or loss in the year in which they arise. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment properties are de-recognised when they have either been disposed-off, or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on the de-recognition of an investment property are recognised in the consolidated statement of profit or loss in the year of de-recognition.

##### *Properties-under-development*

Properties-under-development represent expenditure incurred in setting up new commercial facilities, which are capitalised when they are available for use. Fair value gain/(loss) is not recognised until such time as these assets are completed, transferred to the respective category of investment properties.

##### *Financial assets*

The Group classifies its financial assets into one of the categories discussed below, depending on the purpose for which assets was acquired. The Group's accounting policy for each category is as follows:

##### *a) Financial assets at fair value through other comprehensive income (FVTOCI)*

The Group has a number of investments in listed and unlisted entities which are not accounted for as subsidiaries, associates or jointly controlled entities. For those investments, the Group has made an irrevocable election to classify the investments at fair value through other comprehensive income rather than through profit or loss as the Group considers this measurement to be the most representative of the business model for these assets. They are carried at fair value with changes in fair value recognised in other comprehensive income and accumulated in the investment fair value reserve. Upon disposal any balance within investment fair value reserve is reclassified directly to retained earnings and is not reclassified to profit or loss.

4 Material accounting policy information (continued)

*Financial assets (continued)*

*a) Financial assets at fair value through other comprehensive income (FVTOCI) (continued)*

Dividend are recognised in profit or loss, unless the dividend clearly represents a recovery of part of the cost of the investment, in which case the full or partial amount of the dividend is recorded against the associated investments carrying amount.

Purchases and sales of financial assets measured at fair value through other comprehensive income are recognised on settlement date with any change in fair value between trade date and settlement date being recognised in the investment fair value reserve.

*b) Financial assets at amortised cost*

These assets arise principally from the provision of goods and services to customers, but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less allowance for impairment.

The Group's financial assets measured at amortised cost comprise trade and other receivables (excluding prepayments), investments at amortised cost, term deposits and cash and cash equivalents in the consolidated statement of financial position.

*Trade and other receivables (excluding prepayments)*

Impairment allowances for current and non-current trade and other receivables, if any, are recognised based on the simplified approach within IFRS 9 using a allowance matrix in the determination of the lifetime expected credit losses. During this process, the probability of the non-payment of the trade and other receivables is assessed. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade and other receivables. For trade receivables, which are reported net, such allowances are recorded in a separate allowance account with the loss being recognised within general and administrative expenses in the consolidated statement of profit or loss. On confirmation that the trade and other receivable will not be collectable, the gross carrying value of the asset is written-off against the associated allowance.

*Investments at amortised cost*

Investments at amortised cost represents investments in debt instruments. The Group intends to hold these investments to maturity in order to collect contractual cash flows and these cash flows consist solely of payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less allowance for impairment.

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses), together with foreign exchange gains and losses. If there are any impairment losses, those are presented in the consolidated statement of profit or loss.

**4 Material accounting policy information (continued)**

***Financial assets (continued)***

***b) Financial assets at amortised cost (continued)***

***Term deposits***

Term deposits represent the monies placed with financial institutions. They are initially measured at amortised cost and profits are recognised on accrual basis. Term deposits are further classified into short-term, those which are having original maturity periods of more than three months but less than 12 months, and long-term, those which are having original maturity periods of more than one year from the consolidated statement of financial position date.

***Cash and cash equivalents***

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise of short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value. Investments normally only qualify as cash equivalent if they have a short maturity of three months or less from the date of acquisition. Financial instruments can only be included if they are in substance cash equivalents.

***Financial liabilities***

The financial liabilities of the Group consist of other payables (excluding employee benefits) and lease liabilities. These financial liabilities are initially recognised at fair value and are subsequently remeasured at amortised cost using the effective interest method.

***Other payables (excluding employee benefits)***

Other payables (excluding employee benefits) are recognised for amounts to be paid in the future for goods or services received, whether billed by the supplier or not.

***Provisions***

Provisions are recognised when the Group has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation in future and the amount of the obligation can be reliably estimated.

***Employee benefits***

***Short-term benefits***

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A provision is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**4 Material accounting policy information (continued)**

***Employee benefits (continued)***

***Post-employment benefits***

Employee benefits and entitlements to annual leave, holiday, air passage and other short-term benefits are recognised as they accrue to the employees. The Group contributes to the pension scheme for Bahraini nationals administered by the Social Insurance Organisation in the Kingdom of Bahrain. This is a defined contribution pension plan and the Group's contributions are charged to the consolidated statement of profit or loss in the year to which they relate. In respect of this plan, the Group has a legal obligation to pay the contributions as they fall due and no obligation exists to pay the future benefits.

The expatriate employees of the Group are paid leaving indemnity in accordance with the provisions of the Bahrain Labour Law. The Group accrues for its liability in this respect on an annual basis until 28 February 2024, thereafter the Group contributes to the leaving indemnity for expatriate employees administered by the Social Insurance Organisation in the Kingdom of Bahrain.

***Share capital***

Financial instruments issued by the Group are classified as equity only to the extent that they do not meet the definition of a financial liability or financial asset. The Group's ordinary shares are classified as equity instruments.

***Dividend***

Dividend are recognised when they become legally payable. In the case of interim dividend to equity shareholders, this is recognised when declared by the directors. In the case of final dividend, this is recognised when approved by the shareholders at the Annual General Meeting.

***Board remuneration***

Board members' remuneration is recognised in the consolidated statement of profit or loss on accrual basis.

***Treasury shares***

Shares of the Group repurchased at the consolidated statement of financial position date are designated as treasury shares until they are reissued or cancelled. The nominal value of treasury shares are disclosed as a deduction from reserves, with the difference between the nominal value of the shares and their purchase cost being adjusted against the retained earnings or the share premium account in the consolidated statement of changes in shareholders' equity. Gains or losses arising on the sale of treasury shares are recognised in the consolidated statement of change in shareholders' equity.

***Contribution to charities***

Charities are approved by the shareholders at the Annual General Meeting and contributions by the Group are recognised and transferred to the charity reserve in the year in which they are approved.

#### 4 Material accounting policy information (continued)

##### *Leases*

The Group accounts for a contract, or a portion of a contract, as a lease when it conveys the right to use an asset for a period of time in exchange for consideration. Leases are those contracts that satisfy the following criteria:

- (a) There is an identified asset;
- (b) The Group obtains substantially all the economic benefits from use of the asset; and
- (c) The Group has the right to direct use of the asset.

The Group considers whether the supplier has substantive substitution rights. If the supplier does have those rights, the contract is not identified as giving rise to a lease. In determining whether the Group obtains substantially all the economic benefits from use of the asset, the Group considers only the economic benefits that arise use of the asset, not those incidental to legal ownership or other potential benefits.

In determining whether the Group has the right to direct use of the asset, the Group considers whether it directs how and for what purpose the asset is used throughout the period of use. If there are no significant decisions to be made because they are pre-determined due to the nature of the asset, the Group considers whether it was involved in the design of the asset in a way that predetermines how and for what purpose the asset will be used throughout the period of use. If the contract or portion of a contract does not satisfy these criteria, the Group applies other applicable IFRS Accounting Standards rather than IFRS 16.

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Group's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Group if it is reasonable certain to assess that option; and
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right of use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

#### 4 Material accounting policy information (continued)

##### *Leases (continued)*

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are depreciated on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the Group revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted at the same discount rate that applied on lease commencement. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being depreciated over the remaining (revised) lease term.

When the Group renegotiates the contractual terms of a lease with the lessor, the accounting depends on the nature of the modification:

- if the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy;
- in all other cases where the renegotiation increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is re-measured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount; and
- if the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

Based on the exemptions available in IFRS 16, low value and short-term leases are not capitalised in the consolidated statement of financial position. All payments made towards such leases are charged to the consolidated statement of profit or loss on a straight-line basis over the period of the lease.

##### **Revenue recognition**

###### *Performance obligation and timing of revenue recognition*

Revenue from providing services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided, because the customer receives and uses the benefits simultaneously.

#### 4 Material accounting policy information (continued)

##### *Revenue recognition (continued)*

##### *Performance obligation and timing of revenue recognition (continued)*

In respect of sales of car parks equipment, revenue represent the invoiced value of equipment sold by the Group, net of discounts, during the year. Sales of these equipment are recognised when the control over the equipment is transferred to the customers, which is generally upon the delivery of equipment and customers' acceptance thereof.

##### *Determining the transaction price*

In case of fixed-price contracts, the customer pays the fixed amount based on a payment schedule. If the services rendered exceed the payment, a contract asset is recognised. If the payments exceed the services rendered, a contract liability is recognised.

##### *Allocating amounts to performance obligations*

The Group's revenue is derived from fixed price contracts and therefore the amount of revenue to be earned from each contract is determined by reference to those fixed prices.

For all the contracts, there is a fixed price set for each service to be rendered. Therefore, there is a limited judgment involved in allocating the contract price to each service rendered.

##### *Foreign currency transactions*

Foreign currency transactions are accounted for at the rates of exchange prevailing at the dates of the transactions. Gains and losses arising from the settlement of such transactions and from the translation, at the year-end rates, of monetary assets and liabilities denominated in foreign currencies, are recognised in the consolidated statement of profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on retranslation of non-monetary items is treated in line with the recognition of gain or loss on change in fair value of the item.

##### *Segmental reporting*

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision maker has been identified as the management team including the Executive Committee members and the Chief Executive Officer.

The Group's primary segment reporting format is business segments. A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different to those of other business segments.

The Group's primary business segments are:

- Car park services;
- Property rentals services;
- Investment and related services; and
- Sales of equipment and related services.

#### 4 Material accounting policy information (continued)

##### *Segmental reporting (continued)*

A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and returns that are different from those of segments operating in other economic environments.

##### *Government grants*

Government grants relating to costs are deferred and recognised in the consolidated statement profit or loss over the period necessary to match them with the costs that they are intended to compensate. Government grants relating to the income are initially recognised as deferred income and when the criteria for retention have been satisfied, the deferred income balance is released to the consolidated statement of profit or loss.

#### 5 Critical accounting judgments and key source of estimation uncertainty

The preparation of consolidated financial statements in accordance with IFRS Accounting Standards requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies. The determination of estimates requires judgments which are based on historical experience, current and expected economic conditions, and other available information.

The most significant areas requiring the use of management estimates and assumptions in these consolidated financial statements relate to:

- economic useful lives of intangible assets;
- economic useful lives of property, plant and equipment;
- classification of investments;
- fair valuation of investments;
- fair valuation of investment properties;
- fair value measurement;
- impairment of assets;
- revenue recognition;
- power to exercise significant influence;
- determination of lease term and borrowing rates for leases;
- economic life of right-of-use assets;
- legal proceeding;
- going concern; and
- contingencies.

##### *Economic useful lives of intangible assets*

Intangible assets are amortised or depreciated over their estimated useful lives. Useful lives are based on management's estimates of the period that the assets will generate revenue, which are periodically reviewed for continued appropriateness. Changes to estimates can result in significant variations in the carrying value and amounts charged to the consolidated statement of profit or loss in specific periods.

##### *Economic useful lives of property, plant and equipment*

The Group's property, plant and equipment are depreciated on a straight-line basis over their economic useful lives. Economic useful lives of property, plant and equipment are reviewed by management periodically. The review is based on the current condition of the assets and the estimated period during which they will continue to bring economic benefit to the Group.

5 Critical accounting judgments and key source of estimation uncertainty (continued)

*Classification of investments*

In the process of applying the Group's accounting policies, management decides on acquisition of an investment whether it should be classified as investments designated at fair value through other comprehensive or in amortised cost. The classification of each investment reflects the management's intention in relation to each investment and is subject to different accounting treatments based on such classification.

*Fair valuation of investments*

The Group determines fair values of investments that are not quoted in active markets by using valuation techniques such as adjusted net asset valuation and recent transaction prices. Fair value estimates are made at a specific point in time, based on market conditions and information about the investee companies.

These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore, cannot be determined with precision. There is no certainty about future events (such as continued operating profits and financial strengths). It is reasonably possible, based on existing knowledge, that outcomes within the next financial year are different from assumptions that could require a material adjustment to the carrying amount of the investments. In case where adjusted net asset valuation models have been used to estimate fair values, the adjustments to the net asset values have been estimated by the management based on information from and discussions with representatives of the management of the investee companies, and based on the latest available audited and un-audited financial statements.

*Fair valuation of investment properties*

The Group obtains valuations performed by external valuers in order to determine the fair value of its investment properties. These valuations are based upon assumptions including future rental income, anticipated maintenance costs and the appropriate discount rate. The valuers also make reference to market evidence of transaction prices for similar properties. The lack of comparable market transactions has resulted in a greater level of professional judgment being relied upon in arriving at valuations. Changes in the underlying assumptions could have a significant impact on the fair values presented.

*Fair value measurement*

A number of assets and liabilities included in the consolidated financial statements require measurement at, and/or disclosure of, fair value.

The fair value measurement of the Group's financial and non-financial assets and liabilities utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the 'fair value hierarchy'):

- Level 1: Quoted prices in active markets for identical items (unadjusted);
- Level 2: Observable direct or indirect inputs other than Level 1 inputs; and
- Level 3: Unobservable inputs (i.e. not derived from market data).

The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item and transfers of items between levels are recognised in the period they occur.

5 Critical accounting judgments and key source of estimation uncertainty (continued)

*Fair value measurement (continued)*

The financial assets and liabilities of the Group are initially recorded at fair value and subsequently re-measured at amortised cost while those which require fair value re-measurement are disclosed in Note 28.

*Impairment of assets*

*Financial assets*

The Group assesses on a forward-looking basis the expected credit losses associated with its trade receivables carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Group applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of trade receivables.

As at 31 December 2024, in the opinion of the management, an impairment allowance of BD18,193 is required towards impaired trade receivables from tenants and amounts due from a related party (2023: BD59,022). Further, in the opinion of the management, term deposits and bank balances are not impaired as at 31 December 2024 (2023: BDNil).

*Other non-financial assets*

The carrying amount of the Group's assets or its cash generating unit, other than financial assets, are reviewed at each consolidated statement of financial position date to determine whether there is any indication of impairment. A cash generating unit is the smallest identifiable asset that generates cash flows that largely are independent from other assets. If any such indication exists, the asset's recoverable amount is estimated. The recoverable amount of an asset or a cash generating unit is the greater of its value in use or fair value less costs to sell. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the consolidated statement of profit or loss. Impairment losses are reversed only if there is an indication that the impairment loss may no longer exist and there has been a change in the estimates used to determine the recoverable amount.

*Inventories*

The Group creates allowance for inventories where cost exceeds net realizable value. At 31 December 2024, in the opinion of the management, no such allowance is required. Estimates of net realisable value of inventories are based on the most reliable evidence available at the time the estimates are made. These estimates take into consideration fluctuations of price or cost directly relating to events occurring subsequent to the consolidated statement of financial position date to the extent that such events confirm conditions existing at the end of the period.

*Revenue recognition*

The Group exercises judgment in determining whether a revenue transaction is recognised at a point in time or over time taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

5 Critical accounting judgments and key source of estimation uncertainty (continued)

***Power to exercise significant influence***

Subsidiaries are fully consolidated from the date on which, control is achieved. The Group's management takes into consideration the following factors while determining, if the Group has control and power to exercise significant influence over its investee entities:

- control over the board of directors of the investee entity;
- rights to control the operational decision making process of the investee entity; and
- the ability to exercise its power over the investee that will affect the investee entity's financial position and returns.

The Group's management reviews at each reporting date, the above facts and circumstances that may indicate any change due to one or more elements mentioned above and confirms its continued ability and power to exercise significant influence over the investee entities. Any change in the assumptions and circumstances will have an impact on the Group management's decision making process.

***Determination of lease term and the borrowing rates for leases***

In case where the Group is a lessee, the Group's management exercises judgment in determining if it is reasonably certain to exercise the lease options to extend or terminate the lease at the commencement as well as during the lease term. The carrying value of lease liabilities are revised based on certain variable elements of the future lease payments like rates or index. Determination of incremental borrowing rates used to determine the carrying value of lease liabilities and the discount rates used to determine the carrying value of right-of-use of lease rights involve, to certain extent, management estimates. Any changes to management estimate may have an impact on the term as well as the carrying values of the lease assets and liabilities.

***Economic life of right-of-use assets***

Right-of-use assets are depreciated over their economic useful lives. Useful lives are based on the management's estimates of the period that the assets will generate revenue, which are periodically reviewed for continued appropriateness. Changes to estimates can result in significant variations in the carrying value and amounts charged to the consolidated statement of profit or loss in specific periods.

The Group's right-of-use assets are depreciated on a straight-line basis from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term.

Economic useful lives of right-of-use assets are reviewed by management periodically. The review is based on the current condition of the assets and the estimated period during which they will continue to bring economic benefit to the Group.

***Legal proceedings***

The Group recognises a provision where there is a present obligation from a past event, a transfer of economic benefits is probable and the amount of costs of the transfer can be estimated reliably. In instances where the criteria are not met, a contingent liability may be disclosed in the notes to the consolidated financial statements. Obligations arising in respect of contingent liabilities that have been disclosed, or those which are not currently recognised or disclosed in the consolidated financial statements could have a material effect on the Group's consolidated financial position. Application of these accounting principles to legal cases requires the Group's management to make determinations about various factual and legal matters beyond its control.

**5 Critical accounting judgments and key source of estimation uncertainty (continued)**

***Legal proceedings (continued)***

The Group reviews outstanding legal cases following developments in the legal proceedings at each reporting date, in order to assess the need for provisions and disclosures in its consolidated financial statements. Among the factors considered in making decisions on provisions are the nature of litigation, claims or assessment, the legal process and potential level of damages in the jurisdiction in which the litigation, claims or assessment has been brought, the progress of the case (including the progress after the date of the consolidated financial statements but before those statements are issued), the opinions or views of legal advisers, experience on similar cases and any decision of the Group's management as to how it will respond to the litigation, claim or assessment.

***Going concern***

The management of the Group reviews the consolidated financial position on a periodical basis and assesses the requirement of any additional funding to meet the working capital requirements and estimated funds required to meet the liabilities as and when they become due. In addition, the shareholders of the Group ensure that they provide adequate financial support to fund the requirements of the Group to ensure the going concern status of the Group.

***Contingencies***

By their nature, contingencies will only be resolved when one or more future events occur or fail to occur. The assessment of such contingencies inherently involves the exercise of significant judgment and estimates of the outcome of future event.

**6 Segmental information**

**Business segments - primary reporting segment**

The Group's primary segment reporting format is business segment. A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different to those of other business segments. The Group's primary business segments are:

- Car park services - This segment is involved in providing car parks for the public in return for parking charges. This segment contributes 49.60% (2023: 42.74%) of the Group's total revenue.
- Property rental income - This segment is involved in the management, maintenance and renting of properties. This segment contributes 25.74% (2023: 30.11%) of the Group's total revenue.
- Investment and related services - This segment is involved in trading in financial and other assets and investing excess funds in the primary and secondary market. This segment contributes 15.48% (2023: 20.96%) of the Group's total revenue.
- Sales of equipment and related services - This segment is involved in trading in car parks management equipment's to clients. This segment contributes 9.18% (2023: 6.19%) of the Group's total revenue.

**6 Segmental information (continued)**

**Geographical segments - secondary reporting segment**

A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and return that are different from those of segments operating in other economic environments.

The Group's operations are restricted to the Kingdom of Bahrain as the Subsidiary has not commenced its operations in Kingdom of Saudi Arabia; therefore, no geographical segmental information has been presented.

**7 Intangible assets**

	<u>31 December 2024</u>	<u>31 December 2023</u>
Opening balance	24,261	32,210
Additions during the year	64,471	4,208
Amortisation charge for the year (Note 22)	<u>(17,907)</u>	<u>(12,157)</u>
Closing balance	<u>70,825</u>	<u>24,261</u>

Intangible assets consist of software and are amortised over its estimated useful life, which is considered to be five years from the date of acquisition. The carrying value of the intangible asset is reviewed annually and adjusted for impairment if considered necessary.

In the opinion of the Group's management, the carrying value of the intangible assets is not impaired.

The land on which Amakin building is constructed has been leased from the Government of the Kingdom of Bahrain for a period of 50 years commencing from the year 1982.

As at 31 December 2024 and 2023, the Group has lease contracts on lands and buildings, where the lease payments are fixed payments without any link to variable elements such as inflation and market rentals.

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

**9 Financial assets at fair value through other comprehensive income**

	31 December 2024	31 December 2023
Opening balance	453,857	547,106
Disposals during the year	(226,926)	(12,630)
Valuation losses recognised in other comprehensive income	<u>(80,331)</u>	<u>(80,619)</u>
Closing balance	<u>146,600</u>	<u>453,857</u>

The above investments are further classified as follows:

	31 December 2024	31 December 2023
Shares listed on the Bahrain Bourse	146,600	227,360
Unquoted equity shares	<u>-</u>	<u>226,497</u>
	<u>146,600</u>	<u>453,857</u>

The investment categorised as financial assets at fair value through other comprehensive income are denominated in the following currencies:

Currency	31 December 2024	31 December 2023
Bahrain Dinar	<u>146,600</u>	<u>453,857</u>

The fair value of quoted investments is based on published market prices. As at 31 December 2023, the fair value of the unquoted investments is based on the net assets taken from the latest available audited financial statements.

**10 Investment properties**

	Investment properties	Properties- under- development	31 December 2024	31 December 2023
Opening balance	1,771,926	-	1,771,926	1,570,436
Additions during the year	-	57,838	57,838	-
Unrealised fair value gain for the year (Note 21)	<u>50,900</u>	<u>-</u>	<u>50,900</u>	<u>201,490</u>
Closing balance	<u>1,822,826</u>	<u>57,838</u>	<u>1,880,664</u>	<u>1,771,926</u>

As at 31 December 2024, properties-under-development represent a car parking building being constructed at "Amakin Pearls" located in Muharraq, Kingdom of Bahrain."

**10 Investment properties (continued)**

During the year ended 31 December 2024, the Group obtained valuations performed by external valuers. The Group updated its assessment of the fair value of each investment property, taking into account the independent valuations. The Group determines a property's value within a range of reasonable fair value estimates. The lack of comparable market transactions has resulted in a greater level of professional judgment being relied upon in arriving at valuations. As such, the Group used multiple information points. These information points and sources include assumptions about future demand, anticipated market recovery and the appropriate discount rate. Accordingly, the fair value gain amounted to BD50,900 for the year ended 31 December 2024 (2023: the fair value gain of BD201,490). During the year ended 31 December 2024, no income has been recognised from the investment properties (2023: BDNil). Further, no expenses relating to the investment properties, including repairs and maintenance, were incurred for the year ended 31 December 2024 (2023: BDNil). The fair values of investment properties are categorised as a level 2 recurring fair value measurement.

**11 Investments at amortised cost**

	31 December <u>2024</u>	31 December <u>2023</u>
Opening and closing balance	<u>380,871</u>	<u>380,871</u>

Investment in amortised cost represent bonds (Ahli United Bank Perpetual Tier 1 Capital Securities) carrying coupon interest of 5.839% (2023: 5.839%) and are denominated in United States Dollars.

**12 Term deposits**

	31 December <u>2024</u>	31 December <u>2023</u>
Term deposit with banks maturing after 3 months but within 1 year	<u>3,084,000</u>	<u>4,344,040</u>

Term deposits placed with the Group's bankers, earn interest at rates ranging between 5.4% and 6.3% per annum (2023: ranging between 2.8% and 6.5% per annum) and are denominated in Bahrain Dinar. The deposits which mature within one year from the consolidated statement of financial position date are classified under current assets.

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

**13 Trade and other receivables**

	<u>31 December 2024</u>	<u>31 December 2023</u>
Rents receivable from tenants	325,139	411,675
Amounts due from a related party (Note 27)	31,669	43,940
Trade receivables from other customers	<u>21,914</u>	<u>8,139</u>
	378,722	463,754
Less: allowance for impaired trade receivables	<u>(18,193)</u>	<u>(59,022)</u>
	360,529	404,732
Accrued interest	290,017	280,378
Prepayments and other receivables	132,189	95,859
Accrued revenue	90,276	107,128
Advances paid to creditors	83,819	189,242
Security deposits	<u>128,017</u>	<u>71,770</u>
	<u>1,084,847</u>	<u>1,149,109</u>

The Group's trade receivables are amounts due from customers and are primarily denominated in Bahrain Dinar. It is not the policy of the Group to obtain collateral against trade and other receivables and, therefore, are all unsecured. The carrying value of trade and other receivables classified at amortised cost approximates fair value.

The Group applies the IFRS 9 simplified approach to measure the expected credit losses using a lifetime expected credit loss allowance for trade receivables. To measure expected credit losses on a collective basis, trade receivables parties are grouped based on similar credit risk and aging. Accrued revenues do not share the risk characteristics of trade receivables and therefore, the Group concluded that they should be measured at amortised cost.

The expected loss rates are based on the Group's historical credit losses experienced over a year period prior to the period end. The historical loss rates are then adjusted for current and forward-looking information on macroeconomic factors affecting the Group's customers. The Group has identified the gross domestic product (GDP) and inflation rate as the key macroeconomic factors in the countries where the Group operates.

On that basis, the lifetime expected loss allowance as at 31 December 2024 and 2023 was determined as follows for trade receivables:

<u>31 December 2024</u>	<u>Current</u>	<u>30 days overdue</u>	<u>90 days overdue</u>	<u>180 days overdue</u>	<u>360 days overdue</u>	<u>Above</u>	<u>Total</u>
						<u>360 days overdue</u>	
Expected loss rate	0%	0.96%	1.27%	1.82%	2.57%	100%	
Trade receivables	96,077	125,544	99,406	14,353	28,619	14,723	378,722
Loss allowance	-	1,209	1,265	261	735	14,723	18,193
<u>31 December 2023</u>	<u>Current</u>	<u>30 days overdue</u>	<u>90 days overdue</u>	<u>180 days overdue</u>	<u>360 days overdue</u>	<u>Above</u>	<u>Total</u>
						<u>360 days overdue</u>	
Expected loss rate	0%	0.81%	1.03%	1.71%	3.01%	100%	
Trade receivables	25,364	76,801	75,630	71,441	163,030	51,488	463,754

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

**13 Trade and other receivables (continued)**

The movement in allowance for impaired trade receivables is as follows:

	31 December <u>2024</u>	31 December <u>2023</u>
Opening balance	59,022	49,983
Allowance created during the year	3,514	12,733
Allowance utilised during the year	<u>(44,343)</u>	<u>(3,694)</u>
Closing balance	<u>18,193</u>	<u>59,022</u>

Amounts due from a related party are unsecured, bear no interest and repayable on demand.

Unimpaired trade receivables are expected, on the basis of past experience, to be fully recoverable.

**14 Cash and cash equivalents**

	31 December <u>2024</u>	31 December <u>2023</u>
Short-term deposits maturing within three months	4,938,788	3,345,000
Current account balances with banks (*)	726,187	491,828
Cash on hand	<u>2,733</u>	<u>2,830</u>
	<u>5,667,708</u>	<u>3,839,658</u>

The current account balances with banks earn interest rate ranging between 0% and 4.5% per annum (2023: ranging between 0% and 3.5% per annum).

Short-term deposits held with the Group's bankers earn rate of return ranging between 5.4% and 6.4% per annum (2023: ranging between 6.4% and 6.55% per annum), are denominated in Bahrain Dinars and have original maturities of three months or less.

(\*) Included in the current account balances with banks is a balance of BD75,893 earmarked towards due to a related party (2023: BD57,090).

**15 Share capital**

	31 December <u>2024</u>	31 December <u>2023</u>
<b>Authorised:</b>		
125,000,000 ordinary shares of 100 fils each (2023: 125,000,000 ordinary shares of 100 fils each)	<u>12,500,000</u>	<u>12,500,000</u>
<b>Issued and fully paid-up:</b>		
110,317,230 ordinary shares of 100 fils each (2023: 110,317,230 ordinary shares of 100 fils each)	11,031,723	11,031,723
Less: 1,014,559 treasury shares of 100 fils each (2023: 1,014,559 treasury shares of 100 fils each)	<u>(101,456)</u>	<u>(101,456)</u>
	<u>10,930,267</u>	<u>10,930,267</u>

*Additional information on shareholding pattern*

- (i) The names and nationalities of the major shareholders and the number of shares held which constitute an interest of 5% or more of the outstanding shares are as follows:

	<u>At 31 December 2024</u>	
<u>Nationality</u>	<u>Number of shares</u>	<u>Percentage of shareholding interest</u>
Bahrain Real Estate Investment (Edamah) B.S.C. (c)	Bahraini 40,000,000	36.26%
Social Insurance Organisation	Bahraini 37,033,490	33.57%
Hessa Mubarak Abdulaziz Alhasawi	Kuwaiti 15,000,000	13.60%

	<u>At 31 December 2023</u>	
<u>Nationality</u>	<u>Number of shares</u>	<u>Percentage of shareholding interest</u>
Bahrain Real Estate Investment (Edamah) B.S.C. (c)	Bahraini 40,000,000	36.26%
Social Insurance Organisation	Bahraini 37,033,490	33.57%
Kuwait Commercial Real Estate Centre	Kuwaiti 15,000,000	13.60%

- (ii) The Group has only one class of equity shares and the holders of the shares have equal voting rights.
- (iii) The distribution schedule of equity shares, setting out the number of shareholders and percentages in the following categories, is as follows:

	<u>At 31 December 2024</u>		
	<u>Number of shareholders</u>	<u>Number of shares</u>	<u>Percentage of total outstanding shares</u>
Less than 1%	1,352	11,776,842	10.67%
1% and up to less than 5%	2	6,506,898	5.90%
5% and above	<u>3</u>	<u>92,033,490</u>	<u>83.43%</u>
	<u>1,357</u>	<u>110,317,230</u>	<u>100%</u>

	<u>At 31 December 2023</u>		
	<u>Number of shareholders</u>	<u>Number of shares</u>	<u>Percentage of total outstanding shares</u>
Less than 1%	1,365	11,776,842	10.67%
1% and up to less than 5%	2	6,506,898	5.90%
5% and above	<u>3</u>	<u>92,033,490</u>	<u>83.43%</u>
	<u>1,370</u>	<u>110,317,230</u>	<u>100%</u>

Bahrain Car Parks Company (Amakin) B.S.C.  
Notes to the consolidated financial statements for the year ended 31 December 2024  
(Expressed in Bahrain Dinars)

**16 Reserves**

**a) Statutory reserve**

	31 December <u>2024</u>	31 December <u>2023</u>
Opening balance	3,444,054	3,334,870
Transferred during the year	<u>113,633</u>	<u>109,184</u>
Closing balance	<u>3,557,687</u>	<u>3,444,054</u>

In accordance with the provisions of the Bahrain Commercial Companies Law, an amount equivalent to 10% of the Group's net profit before appropriations is required to be transferred to a non-distributable reserve account until such time as a minimum of 50% of the issued share capital is set aside. This reserve is not available for distribution except for dividend payment as permitted by Bahrain Commercial Companies Law.

**b) Charity reserve**

This reserve represents amounts set aside towards charity payments as approved by the shareholders of the Group. An amount of BD40,000 has been proposed for transfer to the charity reserve during the year ended 31 December 2024 (2023: BD40,000). An amount of BD8,666 has been paid during the year ended 31 December 2024 towards charity (2023: BD82,179). Further, an amount of BD40,000 has been transferred to the charity reserve during the year ended 31 December 2024 (2023: BD40,000). This reserve is not available for distribution. The proposed transfer has not been accounted for in these consolidated financial statements.

**c) Investment fair value reserve**

This reserve represents the unrealised fair value gains net of losses on investments categorised as financial assets at fair value through other comprehensive income. Unrealised fair value losses on the designated investments amounted to BD80,331 (2023: BD80,619). This reserve is not available for distribution.

**d) Retained earnings**

	31 December <u>2024</u>	31 December <u>2023</u>
Opening balance	4,661,823	4,377,009
Net profit for the year	1,136,331	1,091,835
Dividend (Note 25)	(874,421)	(655,816)
Transferred to statutory reserve	(113,633)	(109,184)
Transferred on disposal of financial assets at value through other comprehensive income	(105,737)	(2,021)
Charity reserve created during the year	<u>(40,000)</u>	<u>(40,000)</u>
Closing balance	<u>4,664,363</u>	<u>4,661,823</u>

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

**17 Lease liabilities**

	<u>31 December 2024</u>	<u>31 December 2023</u>
Opening balance	777,510	141,775
Additions	363,192	627,950
Lease payments	(20,000)	(20,000)
Interest expenses (Note 22)	<u>54,053</u>	<u>27,785</u>
Closing balance	1,174,755	777,510
Less: current portion of lease liabilities	<u>(138,500)</u>	<u>(80,750)</u>
Non-current portion of lease liabilities	<u>1,036,255</u>	<u>696,760</u>

Maturity analysis - contractual undiscounted cash flows:

	<u>31 December 2024</u>	<u>31 December 2023</u>
Less than one year	138,500	80,750
More than one year and less than five years	373,500	317,750
More than five years	<u>5,517,036</u>	<u>655,950</u>
Total undiscounted leases	<u>6,029,036</u>	<u>1,054,450</u>

The annual rent for the land upon which the car park building is situated is revised every ten years; the amount payable being the higher of a fixed element increase or a percentage of the Group's gross operating profit. The current year's charge of BD74,434 (25% of the gross operating profit generated from the related building), is included under operating, general and administrative expenses (Note 22) (2023: BD73,260).

**18 Employees' terminal benefits**

The contributions made by the Group towards the pension scheme for Bahraini nationals administered by the Social Insurance Organisation in the Kingdom of Bahrain for the year ended 31 December 2024 amounted to BD116,242 (2023: BD80,147).

The movement in the leaving indemnity liability applicable to employees is as follows:

	<u>31 December 2024</u>	<u>31 December 2023</u>
Opening balance	48,283	35,945
Accruals for the year	14,376	16,683
Payments during the year	<u>(2,444)</u>	<u>(4,345)</u>
Closing balance	<u>60,215</u>	<u>48,283</u>
The number of staff employed by the Group	<u>95</u>	<u>103</u>

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

**18 Employees' terminal benefits (continued)**

During the year ended 31 December 2024, in accordance with the change in the Social Insurance Organisation ("SIO") regulations made through resolution no. 109 of 2023, effective from 1 March 2024, the employer needs to pay the end-of-service contribution in respect of the expatriate employees registered with SIO and SIO shall disburse the contributed amount to employees on completion of the employment term. The amount accrued by the Company until 28 February 2024, shall be maintained and settled by the Company with the respective employee.

The contributions made by the Company towards the end-of-service gratuity for expatriate nationals administered by the Social Insurance Organisation in the Kingdom of Bahrain for the year ended 31 December 2024 amounted to BD5,388.

**19 Other payables**

Other operating, general and administrative expenses	<u>248,979</u>	<u>318,781</u>
	<u>2,488,909</u>	<u>2,263,811</u>

**23 Directors' remuneration**

*Accrued and expensed*

An amount of BD63,000 has been accrued and expensed as Directors' remuneration during the year ended 31 December 2024 (Note 27), relating to current year 2024 (2023: BD63,000 relating to the year ended 31 December 2023). The payment for 31 December 2023 was approved by the shareholders in the Annual General Meeting held on 26 March 2024.

*Proposed by the Board of Directors*

The Board of Directors of the Group has proposed and accrued to pay a Directors' remuneration of BD63,000 for the year ended 31 December 2024. Such proposed remuneration only becomes payable once it has been approved by the shareholders in the Annual General Meeting.

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

---

**24 Earnings per share**

Basic earnings per share is calculated by dividing the net profit attributable to the shareholders by the weighted average number of ordinary shares issued during the year.

	Year ended 31 December <u>2024</u>	Year ended 31 December <u>2023</u>
Net profit attributable to the shareholders	<u>1,136,331</u>	<u>1,091,835</u>
Weighted average number of ordinary shares	<u>109,302,671</u>	<u>109,302,671</u>
Basic and diluted earnings per share	<u>10 fils</u>	<u>10 fils</u>

The Group does not have any potentially dilutive ordinary shares, hence the diluted earnings per share and basic earnings per share are identical.

**25 Dividend**

*Declared and paid*

A dividend of BD874,421 representing 8% of the total issued and fully paid-up share capital of the Group for the year ended 31 December 2023 (at 8 fils per share) (2023: BD655,816 for the year ended 31 December 2022 at 6 fils per share), was approved by the shareholders in the Annual General Meeting of the shareholders held on 26 March 2024 (2023: 26 March 2023).

*Proposed by the Board of Directors*

The Board of Directors of the Group has proposed a dividend of BD983,724 (2023: BD874,421) representing 9% of the total issued and fully paid-up share capital of the Group for the year ended 31 December 2024 at 9 fils per share (2023: at 8 fils per share). The proposed dividend only becomes payable once it has been approved by the shareholders in the Annual General Meeting and accordingly, the proposed dividend has not been accounted for in these consolidated financial statements.

**26 Contribution to charity**

**Proposed by the Board of Directors**

The Board of Directors of the Group have proposed charity contributions of BD40,000 for the year ended 31 December 2024 (2023: BD40,000). This is subject to the approval of shareholders in the Annual General Meeting.

**27 Transactions and balances with related parties**

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties include the shareholders, directors, key management personnel and their close family members and such other companies over which the Group or its shareholders, directors, key management personnel and their close family members can exercise significant influence or can be significantly influenced by those parties. Transactions with the related parties are authorised by the management and are on an arm's length basis.

**Bahrain Car Parks Company (Amakin) B.S.C.**  
**Notes to the consolidated financial statements for the year ended 31 December 2024**  
**(Expressed in Bahrain Dinars)**

**27 Transactions and balances with related parties (continued)**

The following is a summary of the significant transactions entered into with the related parties during the year ended 31 December:

<u>Transaction</u>	<u>Nature of relationship</u>	<u>Name of the related party</u>	<u>Year ended 31 December 2024</u>	<u>Year ended 31 December 2023</u>
Car park income (Note 20)	Shareholder	Bahrain Real Estate Investment (Edamah) B.S.C (c)	146,631	109,668
Sale of car parks equipment and services (Note 20)	Shareholder	Bahrain Real Estate Investment (Edamah) B.S.C (c)	9,318	46,090
Lease rent expenses (Note 22)	Shareholder	Bahrain Real Estate Investment (Edamah) B.S.C (c)	74,434	73,260
Other car parks expenses included in operating, general and administrative expenses (Note 22)	Shareholder	Bahrain Real Estate Investment (Edamah) B.S.C (c)	-	4,209
Directors' sitting fees (Note 22)	Key management personnel *	Key management personnel *	65,250	61,400
Directors' remuneration (Note 23)	Key management personnel *	Key management personnel *	63,000	63,000
Salaries and bonuses to key management personnel (Note 22)	Key management personnel *	Key management personnel *	423,913	374,600
Long-term benefits to key management personnel (Note 22)	Key management personnel *	Key management personnel *	8,173	6,498

**(\*) Key management personnel compensation**

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Group, including the directors of the Group.

**27 Transactions and balances with related parties (continued)**

A summary of the related party balances is as follows:

<u>Name of the related party</u>	<u>Nature of relationship</u>	<u>Amounts due from a related party (Note 13)</u>	
		<u>31 December 2024</u>	<u>31 December 2023</u>
Bahrain Real Estate Investment (Edamah) B.S.C (c)	Shareholder	<u>31,669</u>	<u>43,940</u>

<u>Name of the related party</u>	<u>Nature of relationship</u>	<u>Amounts due to a related party (Note 19)</u>	
		<u>31 December 2024</u>	<u>31 December 2023</u>
Bahrain Real Estate Investment (Edamah) B.S.C (c)	Shareholder	<u>170,633</u>	<u>142,537</u>

**28 Financial assets and liabilities and risk management**

Financial assets and liabilities carried on the consolidated statement of financial position include cash and cash equivalents, term deposits, financial assets at fair value through other comprehensive income, investments at amortised cost, trade and other receivables (excluding prepayments), lease liabilities and other payables (excluding employee benefits). The particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

**Capital management**

The Group's objectives when maintaining capital are:

- to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- to provide an adequate return to shareholders by pricing products and services that commensurate with the level of risk.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. No changes were made in the objectives, policies and processes during the years ended 31 December 2024 and 2023.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, other payables and lease liabilities less cash and cash equivalents. Capital includes share capital and reserves attributable to the shareholders of the Group.

28 Financial assets and liabilities and risk management (continued)

Capital management (continued)

	31 December 2024	31 December 2023
Other payables	630,571	592,656
Lease liabilities	1,174,755	777,510
Less: cash and cash equivalents	<u>(5,667,708)</u>	<u>(3,839,658)</u>
Net surplus	<u>(3,862,382)</u>	<u>(2,469,492)</u>
Share capital, net of treasury shares	10,930,267	10,930,267
Share premium	2,000,000	2,000,000
Statutory reserve	3,557,687	3,444,054
Charity reserve	31,555	221
Investment fair value reserve	(822,596)	(848,002)
Retained earnings	<u>4,664,363</u>	<u>4,661,823</u>
Total capital	<u>20,361,276</u>	<u>20,188,363</u>
Total capital and net surplus	<u>16,498,894</u>	<u>17,718,871</u>

As at 31 December 2024 and 2023, the Group has net surplus. Accordingly, the capital gearing ratio has not been calculated.

Risk management is carried out by the Risk Section of the Group under policies approved by the Board of Directors. The Group's Risk Section evaluates financial risks in close co-operation with the Group's operating units.

**Principal financial instruments**

The principal financial instruments used by the Group, from which financial instrument risk arises, are as follows:

- Financial assets at fair value through other comprehensive income
- Investments at amortised cost
- Trade and other receivables (excluding prepayments)
- Term deposits
- Cash and cash equivalents
- Other payables (excluding employee benefits)

A summary of the financial instruments held by category is provided below as at 31 December 2024:

<b><u>Financial assets</u></b>	<b><u>Financial assets at fair value through OCI</u></b>	<b><u>Financial assets at amortised cost</u></b>
Financial assets at fair value through OCI	146,600	-
Investments at amortised cost	-	380,871
Trade and other receivables (excluding prepayments)	-	868,839
Term deposits	-	3,084,000
Cash and cash equivalents	<u>-</u>	<u>5,667,708</u>
Total financial assets	<u>146,600</u>	<u>10,001,418</u>

28 Financial assets and liabilities and risk management (continued)

*Principal financial instruments (continued)*

<u>Financial liabilities</u>	<u>Financial liabilities at amortised cost</u>
Other payables (excluding employee benefits)	<u>603,745</u>

A summary of the financial instruments held by category is provided below as at 31 December 2023:

<u>Financial assets</u>	<u>Financial assets at fair value through OCI</u>	<u>Financial assets at amortised cost</u>
Financial assets at fair value through OCI	453,857	-
Investments at amortised cost	-	380,871
Trade and other receivables (excluding prepayments)	-	864,008
Term deposits	-	4,344,040
Cash and cash equivalents	-	<u>3,839,658</u>
Total financial assets	<u>453,857</u>	<u>9,428,577</u>

<u>Financial liabilities</u>	<u>Financial liabilities at amortised cost</u>
Other payables (excluding employee benefits)	<u>541,837</u>

**Credit risk** is the risk that one party will fail to discharge an obligation and cause the other party to incur a financial loss. Credit risk arises from cash and cash equivalents, contractual cash flows of debt investments carried at amortised cost, as well as credit exposures to customers, including outstanding receivables. The Group's bank balances and term deposits are placed with national and multi-national banks with good credit ratings. The Group's investments are placed with national banks which have good credit ratings and other companies listed in the stock exchanges. Concentration of credit risk with respect to trade receivables is limited due to the Group's large number of customers. The Group applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. Further, the Group's debt investments at amortised cost are considered to have low credit risk. Due to this factor, management believes that no additional credit risk beyond amounts provided for collection losses is inherent in the Group's trade receivables.

The Group does not enter into derivatives to manage credit risk, although in certain isolated cases may take steps to mitigate such risks if it is sufficiently concentrated. Quantitative disclosures of the credit risk exposure in relation to financial assets are set out below.

<u>Financial assets</u>	<u>At 31 December 2024</u>	
	<u>Carrying value</u>	<u>Maximum exposure</u>
Trade and other receivables (excluding prepayments)	868,839	868,839
Term deposits	3,084,000	3,084,000
Cash and cash equivalents	<u>5,667,708</u>	<u>5,664,975</u>
Total financial assets	<u>9,620,547</u>	<u>9,617,814</u>

28 Financial assets and liabilities and risk management (continued)

Credit risk (continued)

<i>Financial assets</i>	<u>At 31 December 2023</u>	
	<u>Carrying value</u>	<u>Maximum exposure</u>
Trade and other receivables (excluding prepayments)	864,008	864,008
Term deposits	4,344,040	4,344,040
Cash and cash equivalents	<u>3,839,658</u>	<u>3,836,828</u>
Total financial assets	<u>9,047,706</u>	<u>9,044,876</u>

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. Investments at amortised cost, term deposits and a current account balance with a bank earn fixed rates of interest. The Group's other assets and liabilities, in the opinion of the Group's management, are not considered to be sensitive to interest rate risk. The hypothetical effect of 100 basis points interest rate increase or decrease on profits would be approximately BD91,326 (2023: BD85,618).

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

Liquidity risk is managed by monitoring on a regular basis to help ensure that sufficient funds are available, to meet all liabilities as they fall due.

The following table sets out the contractual maturities (representing undiscounted contractual cash flows) of non-derivative financial liabilities based on the earliest date on which the Group can be required to make payments.

<b>At 31 December 2024</b>	<u>Less than 1 year</u>	<u>Total</u>
Non-interest bearing instruments	<u>603,745</u>	<u>603,745</u>
	<u>Less than 1 year</u>	<u>Total</u>
<b>At 31 December 2023</b>		
Non-interest bearing instruments	<u>541,837</u>	<u>541,837</u>

Price risk is the risk that the Group is exposed to listed securities price risk because of investments held by the Group and classified in the consolidated statement of financial position as financial assets through other comprehensive income. To manage its price risk arising from investments in listed securities, the Group diversifies its portfolio. Diversification of the portfolio is achieved in accordance with the limits set by the Group.

Investments fair value sensitivity analysis is as follows:

<u>Description</u>	<u>Change</u>	<u>Impact on equity</u>	
		<u>31 December 2024</u>	<u>31 December 2023</u>
Quoted financial assets through OCI	<u>+/-5%</u>	<u>+/-7,330</u>	<u>+/-11,368</u>

## 28 Financial assets and liabilities and risk management (continued)

**Market risk** is the risk that the value of a financial instrument will fluctuate due to changes in interest rate, currency rate, and equity price risk. The Group closely monitors the market forces and suitably revises the strategy to minimise the market risk.

**Currency rate risk** is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group's financial assets at fair value through other comprehensive income are primarily in United States Dollar and Bahrain Dinar. The Bahrain Dinar is effectively pegged to the United States Dollar. Accordingly, management assesses the Group's exposure to currency rate risk as insignificant.

**Operational risk** is the exposure to loss resulting from inadequate or failed internal processes, people and systems or external events. The Group seeks to minimise this risk by continuous framing policies and procedures to identify, control and manage these risks.

### Fair value measurement

**Fair value** is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial instruments not measured at fair value on recurring basis include trade and other receivables (excluding prepayments), cash and cash equivalents, term deposits, lease liabilities and other payables (excluding employee benefits). In the opinion of the management, due to the short-term nature of these financial instruments, the fair value of these financial instruments is not significantly different from their carrying amounts as at 31 December 2024 and 2023.

The following table sets out the fair value hierarchy of financial instruments measured at fair value on recurring basis along with valuation techniques and significant unobservable inputs used in determining the fair value measurement of financial instruments as well as the inter-relationship between unobservable inputs and fair value:

	<u>Fair value at 31 December</u>	<u>Level of hierarchy</u>	<u>Valuation technique used and key inputs</u>	<u>Significant unobservable inputs</u>	<u>Inter-relationship between unobservable inputs and fair value</u>
<b>Non-financial assets</b>					
Investment properties	1,880,664 (2023: 1,771,926)	L2	Independent valuation report, market indicators.	Current market rates.	Positive correlation between market rates and fair values.
<b>Financial assets</b>					
Quoted investments	146,600 (2023: 227,360)	L1	Quoted prices from stock exchanges.	Not applicable	Not applicable
Unquoted investments	- (2023: 226,497)	L3	Net assets of the investee companies based on 2022 audited financial information.	Expected revenue and profit growth rates taking into account management knowledge and experience of market conditions similar to industry trends.	The higher the revenue growth rate, the higher the fair value.

**28 Financial assets and liabilities and risk management (continued)**

**Fair value measurement (continued)**

**Fair value (continued)**

There are no transfers between levels during the year.

The reconciliation of the opening and closing fair value balance of level 3 financial instruments is provided below:

	<u>Unquoted investments</u>	
	<u>31 December</u>	<u>31 December</u>
	<u>2024</u>	<u>2023</u>
Opening balance	226,497	217,119
Unrealised fair value gain	-	9,378
Disposal during the year	<u>(226,497)</u>	<u>-</u>
Closing balance	<u>-</u>	<u>226,497</u>

**Investment risk** is defined as the uncertainty about the future benefits to be realised from an investment. The Group has well-defined policies for managing investment risk. These policies cover investment authority limits and investment assessment practices. The Finance Department study the impact of transactions on the Group's consolidated statement of financial position and monitor the investment portfolio on a continuous basis. Every investment application is reviewed by a designated body depending on the size and the nature of the transaction. Fair valuation is generally conducted on a quarterly basis.

**Legal risk** includes the risk of unexpected losses from transactions and/or contracts not being enforceable under applicable laws or from unsound documentation. The Group deals with external law firm to support it in managing the legal risk.

**Reputation risk** is the risk that negative perception regarding the Group's business practices or internal controls, whether true or not, will cause a decline in the Group's investor base and lead to costly litigations which could have an adverse impact on the liquidity of the Group. The Board of Directors examines the issues that are considered to have reputation repercussions for the Group and issues directives to address these.

**29 Events after the reporting date**

There were no significant events subsequent to 31 December 2024 and occurring before the date of the report that are expected to have a significant impact on these consolidated financial statements.
