### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410 - "Review of interim financial information performed by the independent auditor of the entity". A review of interim consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial information does not present fairly, in all material respects, the condensed consolidated financial position of the Group as at 31 March 2025, and its consolidated financial performance and its consolidated cash flows for the three months period then ended in accordance with International Accounting Standard 34 - "Interim financial reporting".
